The Hyster FORTIS ADVANTAGE
H80-120FT

Dependability . Cost of Operations . Productivity

The Hyster H80-120FT series offers a tough power train, industrial strength electronics, exceptional cooling and hassle-free hydraulics all designed for the highest levels of dependability and one of the lowest cost of operations. This is yet another example of the Fortis line of lift trucks which represents a breakthrough in how lift trucks are designed, built and acquired. With features like the GM 4.3L V6 engine providing excellent power, and the Pacesetter VSM on board computer managing and optimizing performance and reliability, the H80-120FT series gives you the power to get more done.

Ergonomics . Serviceability . Versatility

The Fortis Advantage is also a commitment to delivering extraordinary service and support from Hyster Company and our unrivaled dealer network through outstanding serviceability. The H80-120FT series also offers an advanced ergonomics including repositioned foot pedals and a fatigue-reducing operator compartment designed to help your operator maintain maximum comfort and productivity throughout an entire shift. And like other trucks in the Fortis line, you have a choice of powertrain packages including the Fortis , Fortis Advance, and Fortis Advance+ packages.

3,000-7,000 lb. Capacity

Sit-down, Counterbalanced IC, Pneumatic Tire FORTIS Line of Lift Trucks

Truck Model*	Truck Capacity (lbs)	Travel Speed Range (mph)	Max Lift Speed Range**(ft./min.)		Draw Bar Pull Range** (lbs)	Right Angle Stack (Add length of load) (in)	Truck Length (in)	Truck Width (in)	Truck Height*** (in)	Truck Weight (lbs)
			Rated Load	No Load
